Gracie

Starting Bid **\$250.00**

Gracie is a rescue horse that was brought to a ranch years ago in seriously bad shape. At the time she was bone skinny, her feet were messed up, she wasn't eating etc... After a few years on the prairie, she filled out to be this big, beautiful majestic white horse. I've spent a lot of time with her over the past couple years, and she is as sweet as can be.
