Dr. Sanjay Gupta, the multiple Emmy Award-winning CNN Chief Medical Correspondent, is the go-to authority for major developments in medicine, personal health, and health care. He is a practicing neurosurgeon and a dedicated global journalist who is passionate about inspiring Americans to lead healthier lives. Gupta's book, World War C: Lessons from the Covid-19 Pandemic and How to Prepare for the Next One was called the "must-read book about COVID-19." His previous publication, Keep Sharp: Build a Better Brain at Any Age, was an instant bestseller. His commitment to reporting from war zones and natural disasters and on various medical and scientific
