LVxYK Multi Pochette Accessoires

The LVxYK Multi Pochette Accessoires gets an inspired new look as part of the second Louis Vuitton x Yayoi Kusama collection. The eminent Japanese artist has used dotted patterns in her work since the beginning of her career in the 1950s. Here her colorful dots are reproduced with a hand-painted 3D effect on Monogram canvas. A collector's item and an ultra-functional bag, with its strap, chain and removable coin purse.
